PROGRAM AND SERVICES GUIDE

NEWBERRY COUNTY FAMILY YMCA

CHANGING LIVES

COME JOIN US

Many years ago the good people of Newberry County had a vision for change within the community. The vision of a place where the needs of individuals, families and young people could be addressed and fulfilled. That place has become the Newberry County Family YMCA.

Over the years the YMCA has been making a change in the lives of so many by addressing the most critical developmental, health and social needs of our community. We understand that our young people are in very real need of activities that develop good character and values. We know that our community is facing some significant issues as it relates to health and wellness. We need a place where everyone can come together and all are welcome.

At the Newberry YMCA our board and staff have made a commitment to continue changing lives in this community, but we know we can't do this without YOU! We need the support of the entire community in order for us to make this happen. We ask that you "Come Join Us" as we continue "Changing Lives".

Yours in the spirit of Community

L. Eric Nelson

CEO/Executive Director
